Lighthouse Communities Foundation

Notes to financial statements for the year ended March 31, 2024

NOTES TO ACCOUNTS

1. Company Overview

Lighthouse Communities Foundation ("the Company"), is a not for profit Company, within the meaning of Section 8 of the Companies Act, 2013. It was incorporated on June 17, 2011. The objective of the Company is to promote the development of Youth in India.

The Company has received approval for the benefit of deduction under Section 80G of the Income Tax Act, 1961 in the hands of its donors for donations received May 4, 2016 onwards.

2. Significant accounting policies

a. Basis of preparation

The financial statements have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP) under the historical cost convention on an accrual basis in compliance with all material aspects of the Accounting Standards (AS) notified under section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules 2014. The accounting policies adopted in the preparation of financial statements have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy until now (hitherto) in use with those of previous year.

b. Use of estimates

The preparation of financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. Although, these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, the effects are disclosed in the notes to financial statements.

c. Revenue recognition

- i) The Company follows 'Fund Based Accounting' method for grants, as recommended by Technical Guideline on Accounting for Not-for-Profit Organisations issued by institute of Chartered Accountants of India. Accordingly, grants for specific projects(Track) are recognized as income to the extent utilized during the year as per the terms of agreement/contract and unutilized amounts are carried forward as earmarked fund and disclosed as 'Earmarked Fund' in Balance sheet until the actual expenditure is incurred. The expenditure comprises of track expenses pertaining to grant received in the current year as well as to the grant received in earlier years.
- ii) The amount of grant for LCF's Overheads is taken fully to the Statement of Income and Expenditure excluding grant received in advance. Amount of grant in excess is transferred to the Reserves and Surplus. Such grants received in advance are credited to the other current liabilities in Balance Sheet.
- iii) Interest income is recognised on accrual basis when there is reasonable certainty of its ultimate realization/collection.

Lighthouse Communities Foundation

Notes to financial statements for the year ended March 31, 2024

d. Retirement and other employee benefits

Defined Contribution Plan

The Company makes defined contribution to Government Employee Provident Fund, which are recognised in the Statement of Income and Expenditure on accrual basis.

Defined Benefit Plan

The Company provides for retirement benefits in the form of gratuity. Benefits payable to eligible employees of the company with respect to gratuity, a defined benefit plan is accounted for on the basis of an actuarial valuation as at the balance sheet date. In accordance with the Payment of Gratuity Act, 1972, the plan provides for lump sum payments to vested employees on retirement, death while in service or on termination of employment an amount equivalent to 15 days basic salary for each completed year of service. Vesting occurs upon completion of five years of service. The present value of such obligation is determined by the projected unit credit method and adjusted for past service cost and fair value of plan assets as at the balance sheet date through which the obligations are to be settled. The resultant actuarial gain or loss on change in present value of the defined benefit obligation or change in return of the plan assets is recognised as an income or expense in the Statement of Profit and Loss. The expected return on plan assets is based on the assumed rate of return of such assets. Obligation is measured at the present value of estimated future cash flows using a discounted rate that is determined by reference to market yields at the reporting date on Government bonds where the terms of the Government bonds are consistent with the estimated terms of the defined benefit obligation.

e. Fixed assets and depreciation

Tangible fixed assets are initially recognised at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and directly attributable costs of bringing the asset to its working condition for its intended use.

Subsequent expenditure relating to fixed assets is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Intangible assets are amortized over their estimated useful lives commencing from the year the asset is available to the company for its use.

The Company has applied useful lives prescribed in Schedule II to the Companies Act 2013. Based on management's evaluation, useful life prescribed in Schedule II of the Companies Act, 2013 represent actual useful life of fixed assets. The Company uses written down value method and the following useful lives to provide depreciation on different class of its fixed assets:

<u>Assets</u>	<u>Useful Life</u>
Computer	3 Years
Furniture and Fixtures	10 Years
Office Equipment's	5 Years
Intangibles	3 Years
Leasehold Improvement	3 Years

Lighthouse Communities Foundation

Notes to financial statements for the year ended March 31, 2024

f. Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less.

g. Taxation

The Company has been granted registration under section 12AA of the Income Tax, 1961 from FY 2021-22 onwards, for claiming income as exempted income under section 11, 12 and 13 of the Income Tax Act, 1961. Therefore, no provision for income tax has been made in the books of accounts and deferred tax liability/asset has not been calculated.

h. Provisions, Contingent Liabilities and Contingent Assets

The Company creates a provision when there is a present obligation as a result of a past event that requires an outflow of resources and a reliable estimate can be made of the amount of obligation.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probably will not require an outflow of resources or where a reliable estimate of the obligation cannot be made.

Contingent assets are neither recorded nor disclosed in the financial statements.

i. Earnings Per Share

Basic earnings per share are computed by dividing the surplus / (deficit) after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the surplus / (deficit) after tax as adjusted for expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

j. Leases

Lease rentals under an operation lease, are recognized as an expense in the Income and Expenditure Account on a straight-line basis over the lease term.

k. Asset fund for fixed assets purchased from project funds

Project Fixed Assets: Assets purchased out of grants received are charged off to the respective grant accounts. These assets are capitalized, and an equal amount is transferred to Asset Fund Account for control purposes. Depreciation on fixed assets purchased is debited to the Assets Fund Account and transferred to Profit & Loss account as credit from Asset Fund Account. Any sale/disposed of such fixed asset is also adjusted from the Assets Funds Account, in similar manner.
